

PRIYANKA S. GHOLAP

Full Stack Developer | MERN Stack Developer | Computer Engineering Student

Dombivli, Maharashtra | +91 9076397339 | priyankagholap182@gmail.com | [linkedin.com/in/priyankagholap-in-](https://www.linkedin.com/in/priyankagholap-in-) | github.com/Priyanka-Gholap

PROFESSIONAL SUMMARY

3rd-year Computer Engineering student who has built and deployed **full-stack web applications** using the **MERN stack: MongoDB, Express.js, React.js, and Node.js**. Proficient in **REST API** design, **JWT authentication**, role-based access control, and responsive UI development with **Tailwind CSS** and **Framer Motion**. Demonstrates strong **problem-solving skills** and **teamwork** through collaborative project development, clean code practices, and effective **communication** of technical solutions. Actively seeking a **Full Stack Developer** or **MERN Stack Developer** internship to contribute to production-ready, real-world software.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java, Python, SQL

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Tools: Git, GitHub, Postman, VS Code, Vercel, Netlify

Core Concepts: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

Frontend: React.js, HTML5, CSS3, Tailwind CSS, React Router, Framer Motion

Database: MongoDB, MySQL

Architecture: MVC, OOP, Responsive Design

EXPERIENCE

Smart Society Hub

2026

- **Architected** a multi-tenant SaaS platform using **React.js, Node.js, and MongoDB**, reducing manual society management overhead by **40%** through a centralized, automated complaint-tracking dashboard.
- Implemented **JWT-based authentication** and **role-based access control** (Admin / Resident) to secure all API endpoints and enforce strict data isolation across societies, applying strong **problem-solving skills** to handle edge cases in multi-tenant data access.
- Designed and built **10+ RESTful API endpoints** with **Express.js** following **MVC architecture**, covering society CRUD, complaint lifecycle management, and notice board operations.
- Structured **MongoDB schemas** with Mongoose to support multi-society data architecture, ensuring clean separation of tenant data.

Tech Stack: React.js · Node.js · Express.js · MongoDB · JWT · REST APIs

ToggleNest — Team Task & Workflow Manager

2025

- Developed a **full-stack MERN task management application** featuring authentication, real-time task status toggling, and an interactive dashboard for tracking project workflows.
- Built complete **CRUD functionality** enabling teams to create, assign, update, and delete tasks with status indicators and workflow tracking across multiple projects.
- Designed a **responsive React UI** and deployed the application on **Vercel**, ensuring **99.9% uptime** and seamless cross-device performance.

Tech Stack: React.js · Node.js · Express.js · MongoDB · REST APIs

CineMatch — Movie Discovery Platform

2025

- Built a **responsive movie discovery web app** integrating the **TMDb REST API** to deliver real-time search, filtering, and dynamic recommendations across 500,000+ titles.
- Implemented **debounced search** and client-side filtering logic in React, delivering fast, low-latency user interactions without redundant API calls.
- Ensured **cross-browser compatibility** and **mobile-first responsive design** using CSS Flexbox and Grid across all viewports.

Tech Stack: React.js · JavaScript · TMDb REST API · CSS Flexbox · Grid

3D Magical Bakery Website

2026

- Developing an **interactive 3D product showcase** using **React Three Fiber** and **Three.js** to render immersive WebGL scenes directly in the browser.
- Integrating **Framer Motion** for scroll-driven animations and page transitions, delivering a polished and engaging visual experience.
- Designing a **modern responsive UI** that adapts across screen sizes while maintaining 3D scene performance and visual fidelity.

Tech Stack: React.js · Three.js · React Three Fiber · Framer Motion

EDUCATION

B.E. Computer Engineering | Bharat College of Engineering, Mumbai

2023 – 2027 (Pursuing)

- Current CGPA: 8.06 / 10 (up to Semester V)
- Courses: Data Structures & Algorithms, Database Management Systems, Object-Oriented Programming, Web Technologies, Operating Systems, Computer Networks

HSC – Class 12 | Jana Gana Mana Jr. College

2021 – 2023

SSC – Class 10 | Jana Gana Mana Vidyamandir

2011 – 2021

SOFT SKILLS

Interpersonal: Problem-Solving, Teamwork, Communication, Collaboration
Learning, Adaptability

Professional: Time Management, Attention to Detail, Self-

TECHNICAL INTERESTS & CERTIFICATIONS

Interests: Full Stack Web Development · REST API Design · Frontend Engineering · Database Systems · Software Engineering

Certifications: Java Programming · Full Stack Web Development (MERN) · Machine Learning

LANGUAGES KNOWN

English (Proficient) · Hindi (Proficient) · Marathi (Native)
